

Creating a strong PASSWORD

DO...

- ✓ Make them **long** (10+ characters), but
- ✓ **Easy** to remember
- ✓ Use random words or letters/characters
- ✓ Have a different password for EACH login
- ✓ Keep them secret – store them safely.

but

AVOID...

- ✗ Names, pet names or things people will know about you
- ✗ One single dictionary word (using 4-5 random ones is ok)
- ✗ "Password, aaaaaaaaaa 111111, 12345678" or other sequences
- ✗ Your "username"
- ✗ Film, song or bible references!!!
