

How to add users to the Knowledge Bank User Guide

Created on Mar 24, 2023 by Tammy Buchanan

This step by step guide shows how to add single users and bulk upload users for your organisation.

1 Go to the Knowledge Bank Dashboard

Scroll down to the 'Administration' section at the bottom of the dashboard and click on the title of the 'Users' widget.

The screenshot shows the Data Protection Education Knowledge Bank Dashboard. The 'Administration' section is highlighted with a red box. It contains four widgets:

- SLA Activities**: A table with 3 rows: 3 Incomplete, 2 Complete, 1 Cancelled.
- Users**: A table with 3 rows: 18 Staff, 14 Admin, 5 Trustee.
- Reports**: A dropdown menu labeled 'Select Report'.
- To-do Manager**: A table with 3 rows: 145 Total To-dos, 26 Complete, 118 Overdue.

The footer of the dashboard includes links to Terms and Conditions, Privacy Notice, Cookie Policy, and Acceptable Use Policy, along with the copyright notice ©2023 Data Protection Education Ltd.

2 Add User

To add one user at a time click on the 'Add Staff' blue button.

0800 0862018 dpo@dataprotection.education Mon - Fri 8:00 - 17:00

AAA DPE Demo School ▾

☐	Name	Email	Organisation Name	Role	Action
☐	DPE Test 2	dataprotection.education	AAA DPE Demo School	Admin	
☐			AAA DPE Demo School	Admin	
☐			AAA DPE Demo School	Admin	

3 Create new user

Add user's name (required field)

Add user's email address (required field)

Add user's Knowledge Bank role: Admin/Staff/Trustee (required field)

Add user's job title (optional field)

The screenshot shows the 'Create Staff' form in the Data Protection Education system. The form is titled 'Create Staff' and includes a breadcrumb trail: 'You are here: Home / Staff list / Create Staff'. The form fields are:

- Name ***: A text input field with the placeholder 'Name'.
- Email ***: A text input field with the placeholder 'Enter valid email'.
- AAA DPE Demo School**: A section header.
- Knowledge Bank Role**: A dropdown menu with the placeholder 'Select Role'.
- Job Title**: A dropdown menu with the placeholder 'Select Job Title'.
- Submit** and **Cancel** buttons.

The form is highlighted with a red border. The page header includes the Data Protection Education logo, navigation links (DASHBOARD, BEST PRACTICE, MY ACTIVITIES, NEWS, SUPPORT), and the user's name (Tammy Admin). The page footer includes a contact number (0800 0862018), an email address (dpo@dataprotection.education), and a status bar (Mon - Fri 8:00 - 17:00).

Job Title tip

When adding the user in this way, the job title already needs to have been added to the organisation. This can be done through the Dashboard and clicking on the 'Job Titles' widget. The job title is not a required field and so can be left blank.

4 Bulk Import Staff

To bulk import staff click on the 'Import Staff' blue button (see step 2).

This will then show a pop up to select the organisation for the upload and then a CSV file. The CSV template file can be also be downloaded from here by clicking on the 'Click Here' to download sample CSV file. Download the template and populate each column under the appropriate column headings (see next step).

Once the template file has been populated, upload the file here, by clicking on the 'choose file' button and selecting your completed CSV file, ensure you have first selected your organisation. You will be asked to confirm that you wish to import the staff for your organisation and 'Are you sure you want to proceed?'

If the user already exists only extra/updated information will be overwritten, such as their job title. (Their password or login will not be affected). Once completed there will be a summary of many users were imported, updated and/or assigned.

A download log file link is shown which will include errors or otherwise the file will be blank if the import is successful.

Upload CSV File

Select Organisation ▼

Choose CSV File

Choose file

Note: To import enrollments from CSV file you should have CSV file in the following format. [Click Here](#) to download sample CSV file

5 CSV Template File

The CSV file requires the following columns to be completed:

First name (required field)

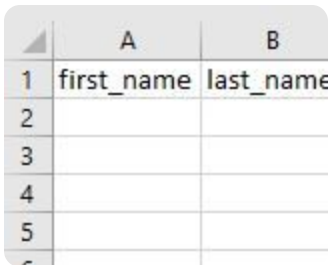

Last name (required field)

Email address (required field)

Job title (optional field)

The CSV file can have any name as long as it has a .csv extension

Go back to Step 4 and follow the bulk upload instructions by clicking on the 'Bulk Upload' blue button.

	A	B
1	first_name	last_name

Job title tip

Please note if the job title field is completed the job title does not need to already exist in the Knowledge Bank for the organisation. This is different to when adding one user at a time.
