

How to record other training or certificates

Created on Apr 6, 2023 by Tammy Buchanan

This guide explains how to add training records for staff where the training or certification has been done outside of Data Protection Education's Knowledge Bank.

1 Choose 'Certificates' from the menu

Logon to the Knowledge Bank Dashboard and choose 'My Certificates' from the My Activities menu at the top.

2 Certificates list

A list of uploaded certificates will display. It possible to search, for example, by user to see which certificates a particular user has uploaded by entering their name or partial spelling of their name in the 'Search' field. Clicking on the 'Search Tools' will give additional filters of 'Type', 'Organisation' and 'Status'.

3 Add a training record

To add a single training record for one user, click on the blue 'Add Training Record' button.

The screenshot shows the 'Certificates' page in the Data Protection Training Record system. At the top, there's a navigation bar with 'DASH BOARD', 'BEST PRACTICE', 'MY ACTIVITIES', 'NEWS', and 'SUPPORT'. Below this, a blue header bar contains the 'Certificates' title and a search bar. On the right side of the header, there are two buttons: 'Add Training Record' (highlighted with a red box) and 'Add Training Record' (highlighted with a red box). Below the header, there's a table listing training records. The table has columns for Certificate Id, Type, Title, User, Email, Issue Date, Expiry Date, Status, and Actions. The table contains several rows of data, including records for 'First Aid', 'Fire Safety', 'GDPR workshop', and 'First Aid Trainer'.

4 Complete The Training Record

Complete details of the course and the date completed and upload any certificates if required. Click on the blue 'Submit' button when complete.
