

DPE Phishing Simulation Tool Guide

Created on Mar 2, 2023 by Tammy Buchanan

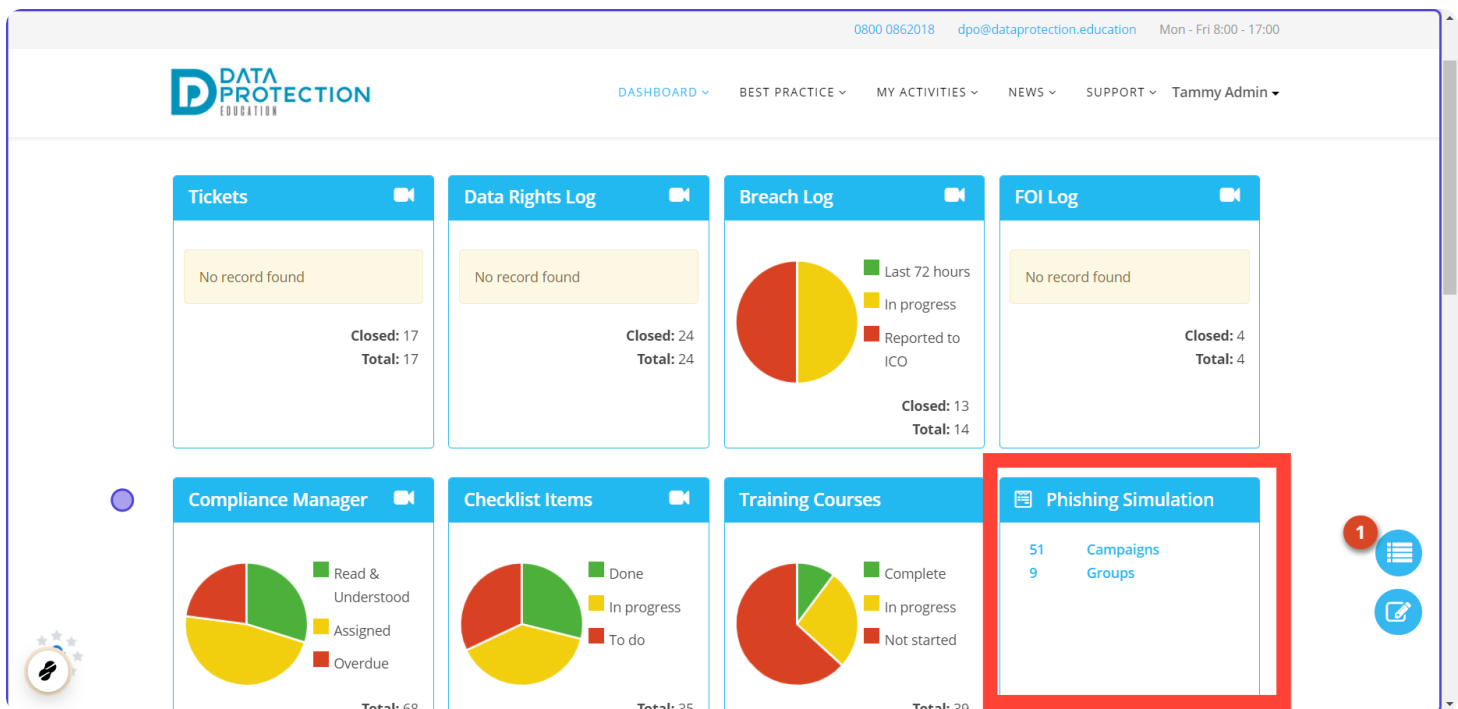

This guide explains how to create a phishing simulation email group and set up a campaign to send out the simulation on a specific date and time, with a chosen email template to a specific group of users.

Create the Phishing Simulation Group

1 Go to the DPE Knowledge Bank Dashboard

[VIEW PAGE →](#)

Scroll down to Phishing Simulation, select 'Groups'.

2 Create the Email Group

To create the email group, select the blue 'Add Group' button.

The screenshot shows the 'Group List' page in the Data Protection Education system. The page header includes the logo, navigation links (Dashboard, Best Practice, My Activities, News, Support), and the user name 'Tammy Admin'. Below the header, there is a search bar and a table of groups. A red arrow points to the 'Add Group' button in the top right corner of the table area.

☐ Group Id	Group Title	Organisation	Created By
☐ 50	SLT PTest	AAA DPE Demo School	
☐ 26	TestMar15	AAA DPE Demo School	
☐ 22	testMar22a	AAA DPE Demo School	
☐ 19	SL test	AAA DPE Demo School	
☐ 18	Nov21Test	AAA DPE Demo School	
☐ 14	Inset Sept 21	AAA DPE Demo School	
☐ 13	Test Sep 21	AAA DPE Demo School	
☐ 12	IT support nov21	AAA DPE Demo School	
☐ 8	test567	AAA DPE Demo School	

Tip: Email addresses

Only email addresses that are in the DPE Knowledge Bank can be added to the Phishing Simulation. To add more users go to the Dashboard, scroll down and select the Users Widget, once opened select the Add Staff blue button.

3 Create an email Group to receive the Phishing Simulation

Give the group a unique title.

Choose which email addresses to add to the group from the Knowledge Bank user list for your organisation. Once the email address has been selected that address will no longer be selectable to add to the campaign.

Save & Close.

The screenshot shows the 'Create group' form in the Data Protection Education system. The form is titled 'Create group' and has a breadcrumb trail 'You are here: Home / Create group'. The form fields are as follows:

- Group Title ***: A text input field containing 'SLT PTest'.
- Select Organisation ***: A dropdown menu showing 'AAA DPE Demo School'.
- Add all users to the group? ***: Two radio buttons, 'Yes' and 'No', with 'No' selected.
- Select Target Users ***: A list of five email addresses, each with a delete icon (X) to its right:
 - Admin PTest (admin-ptest2@dataprotection.education)
 - Admin PTest1 (admin-ptest1@dataprotection.education)
 - Head PTest1 (head-ptest1@dataprotection.education)
 - School Business Manager PTest1 (sbm-ptest1@dataprotection.education)
 - Senco PTest1 (senco-ptest1@dataprotection.education)

At the bottom of the form are two buttons: 'Save & Close' and 'Cancel'. The form is highlighted with a blue border. The background shows the system's navigation bar with the 'DATA PROTECTION EDUCATION' logo and links to 'DASHBOARD', 'BEST PRACTICE', 'MY ACTIVITIES', 'NEWS', 'SUPPORT', and a user profile 'Tammy Admin'. The top right corner displays the phone number '0800 0862018', the email 'dpo@dataprotection.education', and the time 'Mon - Fri 8:00 - 17:00'.

Create a Phishing Campaign

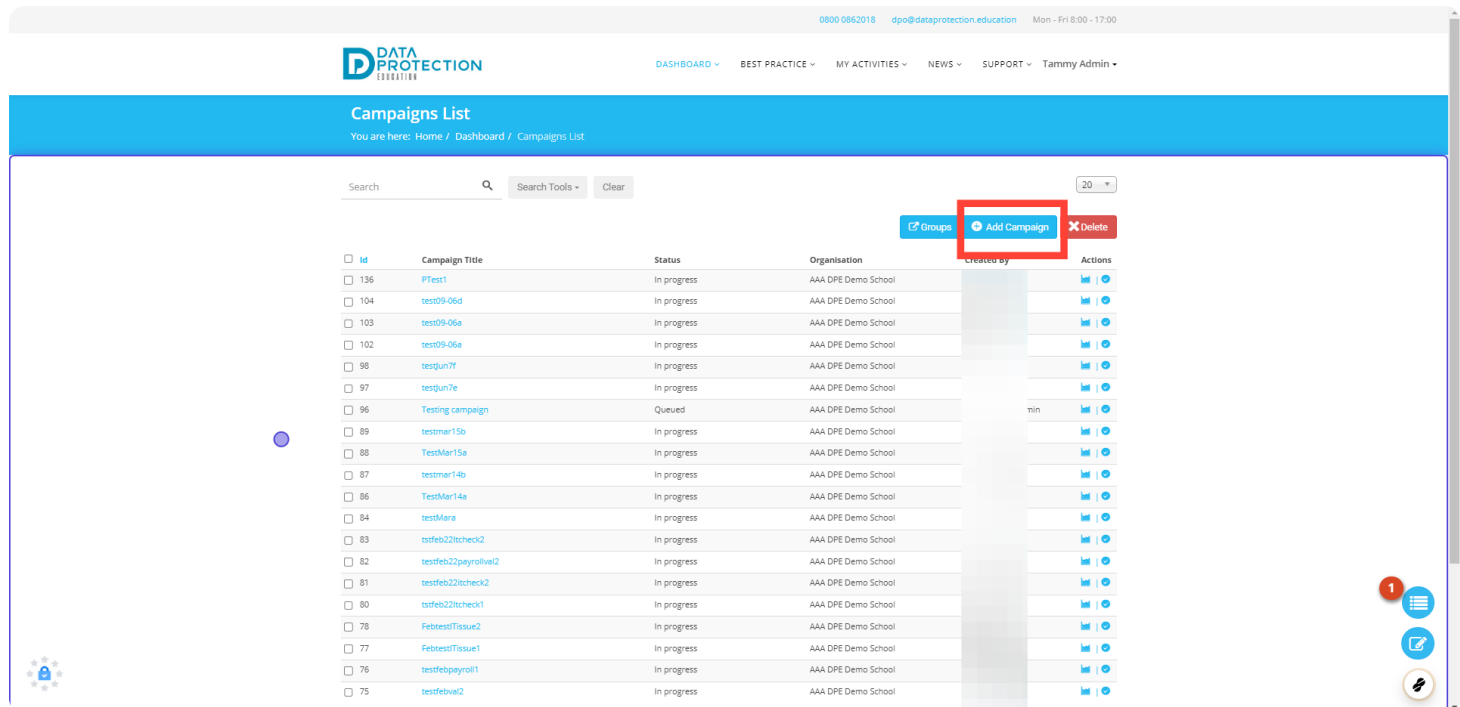

Tip: Pre-campaign checks

Before configuring your campaign, make sure that any affected administrative resources are aware. This includes anyone who may get notified of suspicious emails in relation to the phishing campaign is informed. e.g. IT-support, payroll or finance (including external providers, but not staff you are part of the campaign).

Please note that you can not edit the campaign once created.

4 Create the Campaign

To add a campaign choose Campaigns from the Phishing Simulation Dashboard widget and then click on the Add Campaigns blue button.

5 Create the Email Template for the Campaign

Give the template a title.

Select the organisation (there may be more than one if you are part of a trust).

Choose a suitable email template from the drop down list. Choose a template that is suitable for the demographic of users receiving the email.

Select the date for the campaign to be sent.

Choose the group that will receive the email.

Select Save & Close

Confirm that you wish to save the campaign in the pop up.

The screenshot shows the 'Create the Email Template for the Campaign' interface in the Data Protection Education system. The interface is divided into two main sections: a form on the left and an 'Email Template Preview' on the right.

Form Fields:

- Campaign Title ***: Text input field containing 'PTest1'.
- Select Organisation ***: Dropdown menu showing 'AAA DPE Demo School'.
- Select Email Template ***: Dropdown menu showing 'IT Support Solutions: Checkup'.
- Launch Date ***: Date picker showing '02-03-2023'.
- Groups ***: Text input field containing 'SLT PTest'.

Buttons:

- + Add Group**: Link to add more groups.
- Save & Close**: Button to save the campaign.
- Cancel**: Button to cancel the campaign.
- Submit Details**: Green button to submit the campaign details.

Email Subject
Book your IT Checkup

Email HTML
Your IT team has asked us to contact you to book an online meeting in order to ensure that your system is up-to-date and the latest security patches installed. It is important that you complete this form within the next seven days. On the day of your consultation please ensure that you are in a private location where no-one will be able to overhear the call as security information will be discussed.

Please ignore the email if you have already submitted details.

Kind regards,
IT Support Solutions

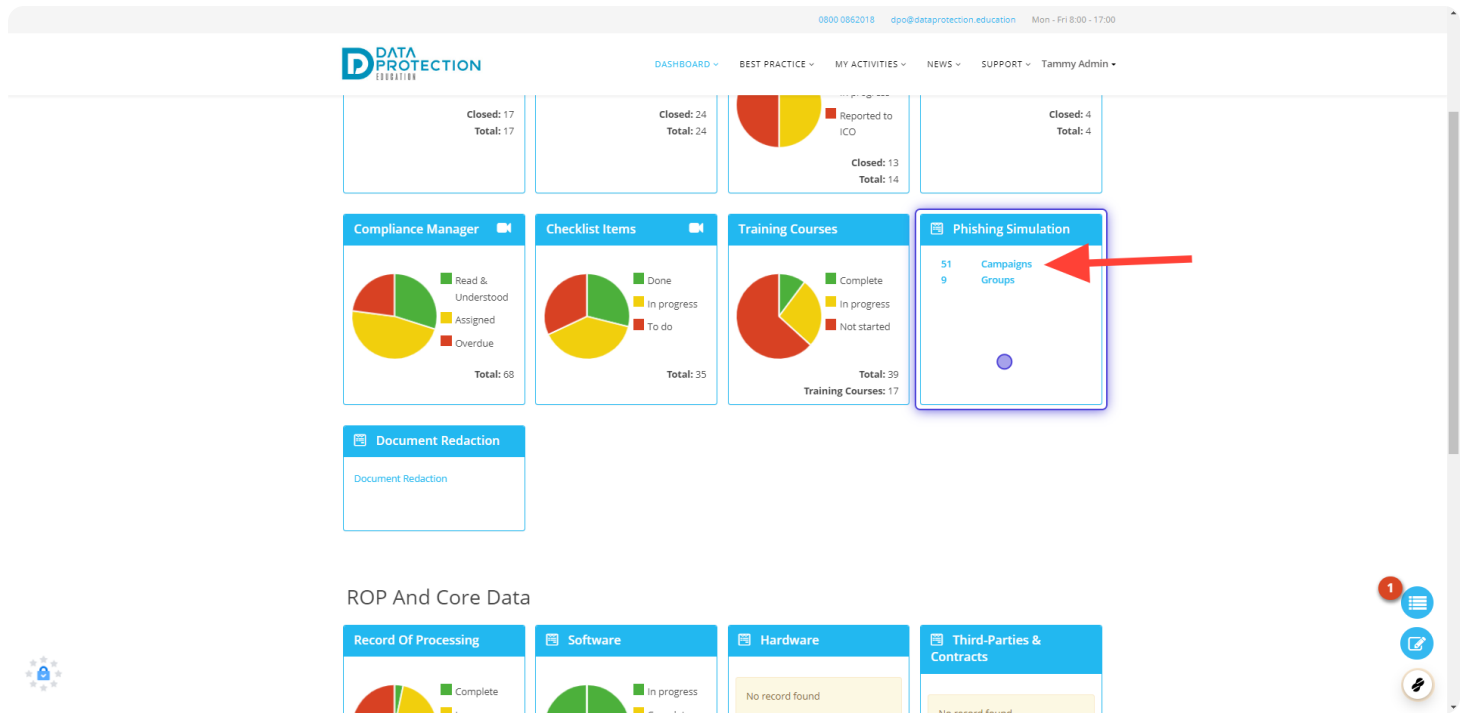

About IT Support Solutions
Supporting schools and multi-academy trusts. Primary and secondary.

8 View the Campaign Report

Details of who received the email and anyone that has opened or clicked the link or submitted data will be shown in the campaign report.

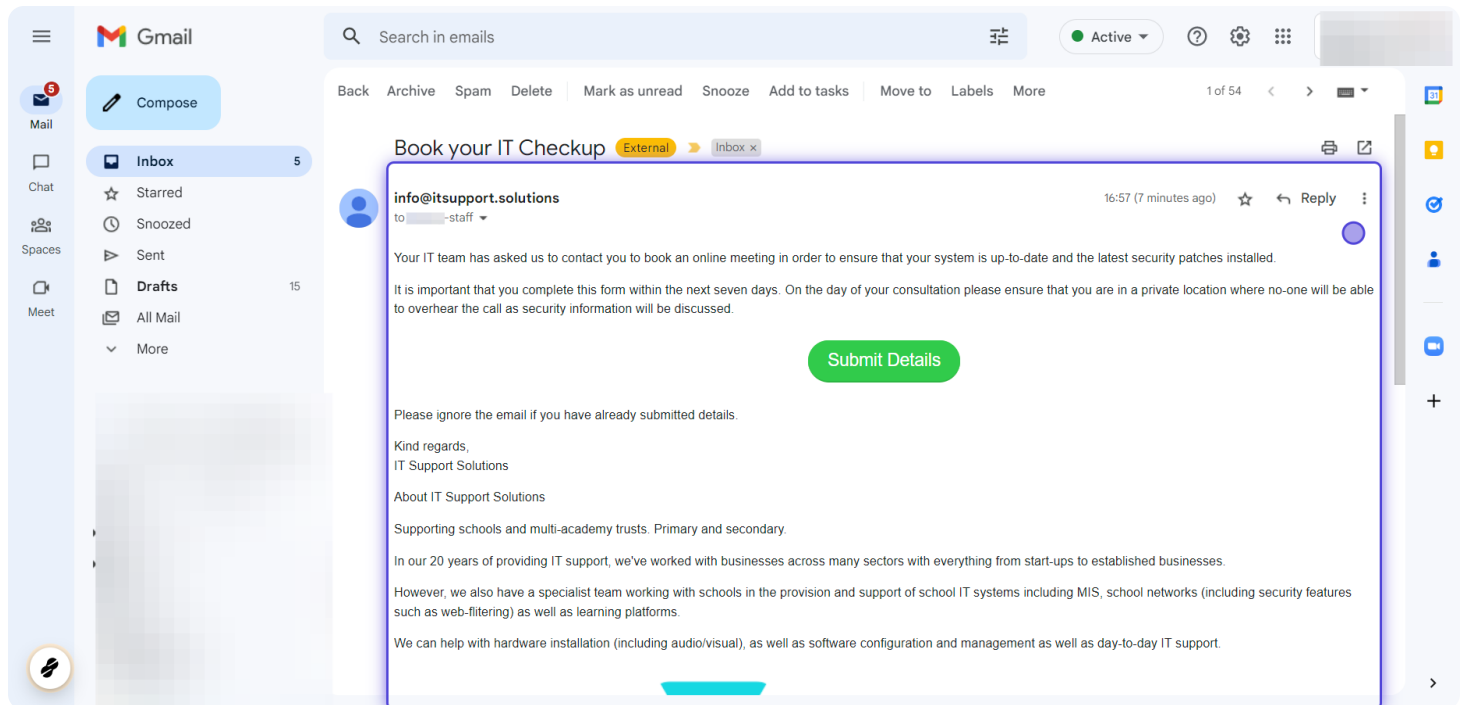

9 Example view of how email appears in users mailbox

10 Email view

Clicking on the Submit Details button would update the campaign report once the email is opened by the user(s).

Tip: Phishing Campaign follow ups

When staff have clicked on phishing links it is a good idea to follow up with some training course suggestions:

[My Courses \(dataprotection.education\)](https://dataprotection.education).

Details on how to assign courses to staff can be found here:

<https://dataprotection.education/site-updates/291-assigning-users-to-courses>

Posters can also help train staff:

<https://dataprotection.education/best-practice-library/documents/drip-feeds>
