

DPE GDPR STAFF TRAINING FOR SCHOOLS

E-LEARNING MANAGER GUIDE 1

How to add/manage staff on the DPE Knowledge Bank and enrol them onto e-learning courses.

In May 2018 we launched the first new GDPR for schools e-learning course **GDPR Data Protection 101 and Information Security**.

This is the core staff awareness programme comprising two modules, each designed as self-paced learning requiring +/-1 hour each:

- Module 1 – GDPR Data Protection 101 (key concepts);
- Module 2 – How to avoid a data breach (information security).

Once your school/trust has been set up with licences in the DPE Knowledge Bank and an E-learning Manager has been assigned, they are able to add staff and to enrol them onto this course and other new courses as they are added.

DOC V1:6:10 – PLEASE NOTE THIS GUIDE WILL BE UPDATED WHEN NEW TRUST/CLUSTER LEVEL MANAGEMENT FEATURES ARE IMPLEMENTED JUN/JUL 2018.

Adding and enrolling staff

Before you start, make sure you are logged in to the DPE Knowledge Bank with the e-learning manager account for your school/Trust using Chrome, Firefox, Edge or Safari. <https://kb.dataprotection.education>

If you encounter issues as you go through the guide, check out the trouble shooting appendix at the end of this document.

Step 1

Open the **COURSES** menu dropdown

Hover your mouse over the COURSES menu in the top navigation bar to see these two e-learning manager options: Manage enrolments and Staff list.

Step 2

Select **MANAGE ENROLMENTS** to check licences for the course

The first time you want to add staff to a course, make sure licences have been assigned. If they have not, please contact us at dpo@dataprotection.education.

Manage Course

Search Q Clear			
Course Title	Total Licences	Available Licences	Actions
GDPR: Data Protection 101	200	199	Manage Enrollments

*Step 3***Select STAFF LIST to add new users**

From the Course menu, go to the Staff List to see any users already set up and/or to create new users.

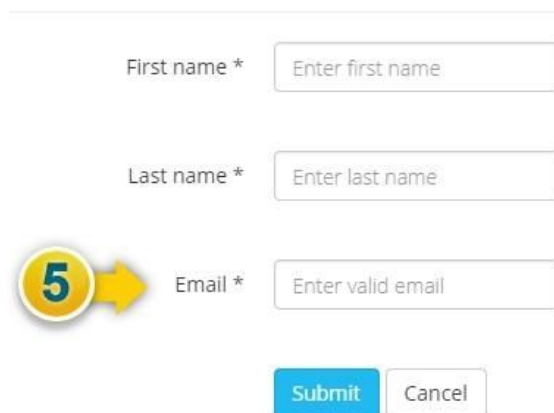

Manage Staff

Search

ID	Name	Username	Email
1470	JO STAFF	info@studclub.uk	info@studclub.uk
1471	JO STAFF	info@studclub.uk	info@studclub.uk

Display #

*Step 4***To add staff individually, select the green ADD STAFF button***Step 5***Input name of email address to add staff****Create Staff**

First name *

Last name *

Email *

Input First and Last name.

Input a VALID email address (this is where the system will send the confirmation email with the username (this will be the email address provided) and a temporary password.

Select Submit.

Let staff know to expect the email and to check Junk/Spam folders if they think it has not arrived.

Tip – if the Add screen does not open as above, check that you are not using Internet Explorer as your browser

and, if you are, switch to e.g. Chrome.

*Step 6***To import multiple staff, select the blue IMPORT STAFF button**

Manage Staff

Search     

ID	Name	Username	Email
1470	JO STAFF	info@e-studio.co.uk	info@e-studio.co.uk
1510	Iron Knight	iron@e-studio.co.uk	iron@e-studio.co.uk

Display #

Step 7

Get your CSV file ready, use the sample CSV to check the format

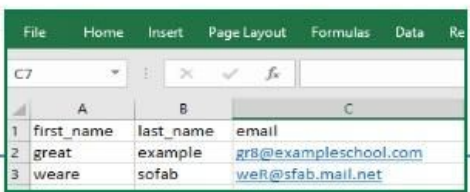

Upload CSV File 

☒ Notify User

Select File

Enrollment CSV Import   No file chosen

Note: To import enrollments from CSV file you should have CSV file in the following format. [Click Here](#) to download sample CSV file

	A	B	C
1	first_name	last_name	email
2	great	example	gr8@example.school.com
3	weare	sofab	weir@sofab.mail.net

Step 8

Click Choose File to upload and validate your file

As soon as you choose a file, the DPE Knowledge Bank will upload and validate your file. The users will be added to your Staff List (you may need to refresh to see them) and a confirmation message will confirm how many staff have been added and any duplicates (already in the Staff List) that have not been added.

*Step 9**Select **MANAGE ENROLMENTS** again to assign staff to courses*

Check the course on the left – this list will grow!

Manage Course

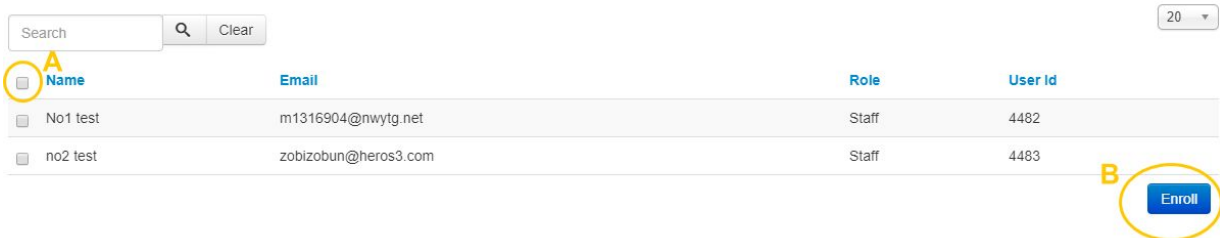

Course Title	Total Licences	Available Licences	Actions
GDPR: Data Protection 101	200	199	Manage Enrollments

Click on **Manage Enrolments** to assign the course to more of your staff members.

*Step 10**Enrol staff on the course...*

Manage enrollment : jimspeedjae

☐ Name	Email	Role	User Id
☐ No1 test	m1316904@nwytg.net	Staff	4482
☐ no2 test	zobizobun@heros3.com	Staff	4483

[Enroll](#)

- Select/search for staff.
Tip – click the checkbox at the top if you want to select everyone in the list;
- Select **Enrol** to complete the process.
Users added to the course will automatically receive an email informing them of their enrolment.

Trouble shooting

KEY FAQs RELATED TO THIS GUIDE:

- **What can I do if some of my staff have not received their confirmation email?**

First, ask them to check spam and junk email folders as system generated emails sometimes fail to get through the spam filter.

Second, ask them to go to the login screen (user name is usually their email address) and use the 'Forgotten password' option to trigger a second email and a password reset.

If your staff have still not been able to login, contact us: by email dpo@dataprotection.education or by telephone: 0800 0862018.

Finally, to future proof the process, check if your IT service desk can add the DPE email to the school email system's 'safe list'.

- **How do I manage a cluster or Trust when we want to manage the E-learning enrolments by school; or if we'd like to manage the e-learning enrolments by grouping a number of schools?**

Get in touch with us to discuss your requirement using the contact details above.

Notes:
