## Introduction

In order to provide users with access to the Knowledge Bank, they must be enrolled as users.

There are three user types on the Knowledge Bank with access as follows:

### Staff:

- E-learning
- Best practice library
- Ask a Question
- Assigned documents (if documents assigned via the Compliance Manager)
- Other access (eg. to the checklist, ROP and logs can be added individually)

### School Admin:

- All content and tools
- Staff creation and Deletion

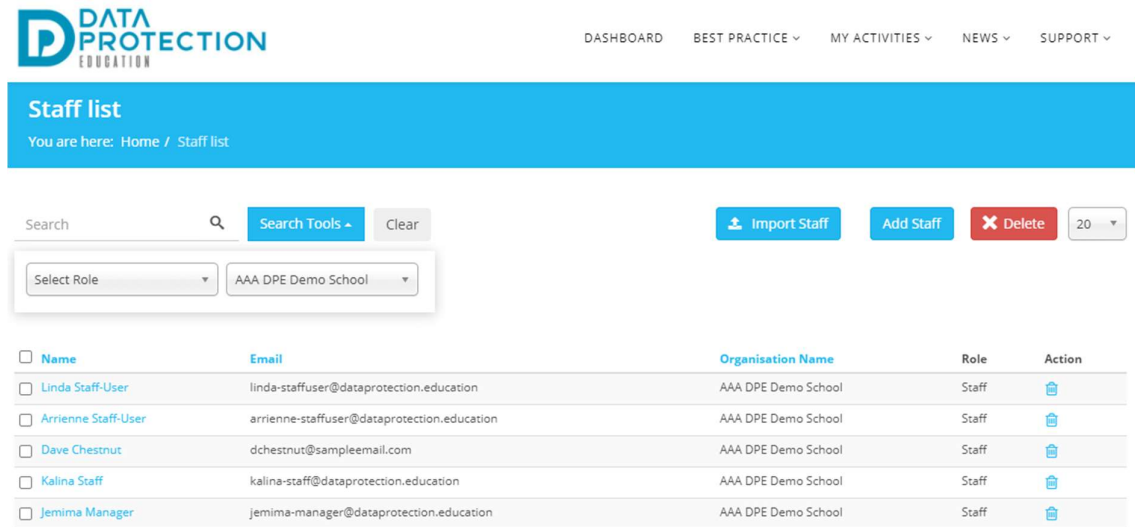

### Trustee:

As Staff User Access, with the addition of a summary overview of the Dashboard, but with no access to any of the tools.

# Adding staff

## To add individually:

1. From the dashboard, click on Users in the Administration section at the bottom
2. Click the blue “Add Staff” button

The screenshot shows the 'Staff list' page in the Data Protection Education system. At the top, there's a navigation bar with the logo and links for DASHBOARD, BEST PRACTICE, MY ACTIVITIES, NEWS, and SUPPORT. Below this is a blue header for 'Staff list' with a breadcrumb 'You are here: Home / Staff list'. The main area contains a search bar, a 'Search Tools' button, and a 'Clear' button. To the right are buttons for 'Import Staff', 'Add Staff', 'Delete', and a dropdown for '20'. Below these are two dropdown menus for 'Select Role' and 'AAA DPE Demo School'. A table lists staff members with columns for Name, Email, Organisation Name, Role, and Action.

| <input type="checkbox"/> | Name                | Email                                       | Organisation Name   | Role  | Action |
|--------------------------|---------------------|---------------------------------------------|---------------------|-------|--------|
| <input type="checkbox"/> | Linda Staff-User    | linda-staffuser@dataprotection.education    | AAA DPE Demo School | Staff |        |
| <input type="checkbox"/> | Arrienne Staff-User | arrienne-staffuser@dataprotection.education | AAA DPE Demo School | Staff |        |
| <input type="checkbox"/> | Dave Chestnut       | dchestnut@sampleemail.com                   | AAA DPE Demo School | Staff |        |
| <input type="checkbox"/> | Kalina Staff        | kalina-staff@dataprotection.education       | AAA DPE Demo School | Staff |        |
| <input type="checkbox"/> | Jemima Manager      | jemima-manager@dataprotection.education     | AAA DPE Demo School | Staff |        |

3. Complete the following fields:
  - a. Name
  - b. Email
  - c. Select School (only relevant if you are a manager of multiple schools)
  - d. Select Role
  - e. If you want, you can assign specific admin roles to a staff user by clicking in the related roles box. They will then get access to the appropriate areas of the platform from their staff dashboard.

Type or select some options

Submit

Cancel

- f. Use the blue + button to add the user to additional schools if necessary

Note: Clicking a user's name in the Staff List also takes you to this screen where you can change the user role when staff have been uploaded in bulk.

When a new user is created, or their role changed, they will be notified via email.

## To add staff in bulk:

1. From the dashboard, click on Users in the Administration section at the bottom
2. Click the blue "Import Staff" Button

| <input type="checkbox"/> Arrienne Staff-User | arrienne-staffuser@dataprotection.education | AAA DPE Demo School | Staff |  |
| <input type="checkbox"/> Dave Chestnut       | dchestnut@sampleemail.com                   | AAA DPE Demo School | Staff |  |
| <input type="checkbox"/> Kalina Staff        | kalina-staff@dataprotection.education       | AAA DPE Demo School | Staff |  |
| <input type="checkbox"/> Jemima Manager      | jemima-manager@dataprotection.education     | AAA DPE Demo School | Staff |  |

3. Download the .csv import file using the "click here" link

4. In the csv file add a new row with the following for each user to import:
  - a. First Name
  - b. Last Name
  - c. Email
5. Save this file locally, then upload it using the “Choose file” button
6. The users will automatically be imported when the file is uploaded and the users notified by email
7. All users are uploaded as “Staff” users. To change any staff to managers, navigate to Dashboard > Administration > Users, click on the user’s name and change their role in the dropdown

When a new user is created, or their role changed, they will be notified via email.

## E-learning User Enrolment

Upload staff to the Data Protection Education Knowledge Bank and instruct them to login. They will then be able to see a list of all our available courses located in My Activities > My Courses.

### My Activities

You are here: [Home](#) / [My Activities](#)

You will be auto-enrolled to this course once you launch any lesson.

## GDPR refresh

Category: [GDPR](#)

A 20 minute introduction to GDPR and data protection, can be used as a refresher every two years.

Course contents

## Data Breaches

Category: [GDPR](#)

 100 %  
 Lesson 1/1 - Data Breaches Learning Nugget

A learning nugget (5-10 minutes) on data breach recognition and response. use in conjunction with our data breach drip feeds.

### COURSE PROGRESS

**Certificate**

Issued on 15-09-2020 10:39

## Key FAQs related to this guide:

### What can I do if some of my staff have not received their confirmation email?

- Ask them to check spam and junk email folders as system-generated emails sometimes fail to get through the spam filter.
- Ask them to go to the login screen (user name is usually their email address) and use the 'Forgotten password' option to trigger a second email and a password reset.
- Alternatively they can click the 'login without password' link on the login screen which will send a login link to their email address.

You can also reset the password by going to Dashboard > Administration > Users. It is a one-time password and they will need to create a new, secure password when it is used:

- Got to Dashboard > Administration > Users
- Click on the user's name
- Check the "Reset Password"
- Check the "Reset Password Manually" box (this is to only be used when the users consistently cannot receive emails containing system-generated credentials) and fill in the password boxes
- Click the blue "Submit" button
- Communicate this securely to the user

If your staff have still not been able to log in, contact us: by email [dpo@dataprotection.education](mailto:dpo@dataprotection.education) or by telephone: 0800 0862018.

Finally, to future proof the process, check if your IT service desk can add the DPE email to the school email systems safe list'.
